

THE DIGITAL LOGBOOK FOR MODERN MEDICAL EDUCATION INSTITUTIONS

e-Logbook is a secure, cloud-based platform that digitizes clinical training documentation, faculty approvals and competency-based assessment across MBBS, PG, and Internship programs.

ALIGNED WITH
NATIONAL MEDICAL COMMISSION (NMC)
Competency Based Medical Education (CBME) Framework

UG, PG &
Internship
Programs

Structured Clinical
& Academic
Documentation

Inspection &
Accreditation
Ready

BUILT FOR INSTITUTIONAL ACADEMIC GOVERNANCE

A complete digital platform to manage clinical training, competency tracking, faculty approvals, and assessments across all departments.

DIGITAL ACTIVITY & PROCEDURE LOGGING

Daily postings, procedures, cases, AETCOM, and skills.

FACULTY REVIEW & DIGITAL SIGNATURES

Secure, time-stamped approvals with full traceability.

ASSESSMENTS & GRADING

Structured evaluation with competency scoring and rubrics.

INTELLIGENT WORKFLOW AUTOMATION

Activities, approvals, and reports automated end-to-end.

ACADEMIC REPORTS & ANALYTICS

Student-wise, department-wise, monthly & annual summaries.

MULTI-CAMPUS DEPLOYMENT

Scale across UG, PG, Internship & multiple institutions

WHY LEADING MEDICAL COLLEGES CHOOSE e-LOGBOOK

- NMC CBME & PGMER-2023 Compliant.
- Department-Specific Logbooks.
- Aligned with Institutional Policies.
- Supports LMS/ERP Integration.
- Real-Time Competency & Procedure Tracking.
- Structured Workflows for Faculty Verification.
- Centralized Dashboards for MEU & Administrators.
- Accreditation & Inspection Readiness.
- Supports Multi-Guide and Multi-Supervisor Evaluation.
- Multi-Campus Cloud Deployment.
- Intelligent Workflow Automation.
- Configurable Assessment Frameworks.
- Available Across All Devices.

SECURITY & COMPLIANCE

Encrypted, role-based access control.

Secure handling of academic and clinical activity data.

Aligned with institutional data governance policies.

ONE PLATFORM FOR MBBS, PG & INTERNSHIP TRAINING

UG (MBBS) Logbooks CBME competency tracking with AETCOM, electives, and skill certification

PG Residency Logbooks PGMER-2023 structured case, procedure, thesis & academic activity tracking

Internship Rotations Department postings, procedure exposure, and completion verification workflows

AI / ML POWERED WORKFLOWS

SMART VALIDATIONS

Automatically detects incomplete postings, missing procedures, and pending competency entries.

INTELLIGENT REPORTING

Generates structured student, department, and program-level academic performance summaries.

AUTOMATIC ACTIVITY CREATION

Creates department-specific logbook structures aligned with curriculum frameworks.

TRUSTED BY LEADING
MEDICAL INSTITUTIONS

MEASURABLE INSTITUTIONAL OUTCOMES

100% DIGITAL ACADEMIC RECORDS

FASTER FACULTY APPROVAL CYCLES

STANDARDIZED COMPETENCY TRACKING

IMPROVED INSPECTION PREPAREDNESS

REDUCED ADMINISTRATIVE WORKLOAD

CENTRALIZED ACADEMIC VISIBILITY ACROSS DEPARTMENTS

e-Logbook streamlines competency tracking, clinical documentation, and academic workflows in one system.
